J. G. PAYNE, son of Bishop Payne, of the Southern Methodist Church, is announced as a candidate for Sergeant-at-Arms of the House. He is a brother-in-law of Senator Gordon, and a classmate of Senator Lamar and Representative Chambers, of Mississippi.

THE lynching and drowning of a burglar in Nashville on last Saturday night, a notice of which appears on our first page, turns out to be only a hoax. We hope it accomplished its object and rid the city of tight fingered gentry and hold highwaymen.

PETER ONEAL, C. K. and Com'r, will sell to-day (Saturday), at the Court House, one of the best river farms in Montgomery county, containing about 600 acres. The land will be sold in three or more tracts. Parties desiring to purchase a good farm will do well to attend this sale.

Death of A. B. Harrison.

Mr. Harrison was born on the 18th of October, 1821, and died, after a long and severe attack of consumption, at his residence in this city, at 12 o'clock on Monday, the 11th inst. He came to Clarksville first in the capacity of agent for a firm in Nashville, Tenn., who furnished him with his first stock of clothing and gents' furnishing good. He had been an employee during his residence in Nashville and the firm knew full well to whom they were entrusting the management of their branch house; and here we add that at the age of 22 years was evinced that trait of character which his life so prominently developed—self-reliance. He soon purchased the stock from the proprietors, they granting easy terms, and from then to the day of his death the paper or word of this prompt man was ever considered not only good but superior.

After this he associated himself with Mr. Thos. McCulloch and the two during a number of years, either as partners or alone, were most successfully engaged in the clothing business. He then embarked in the grocery trade in which, with sundry other under takings, he continued until the year 1861. After and during the war, when the unsettled condition of finances was such as to continually jeopardize every business enterprise, he remained to a great extent inactive, watching and waiting; but upon a general resumption of business we find him in the first rank. He, in connection with Mr. L. H. Shelby, embarked in the warehouse business as tobacco salesmen and general commission merchants. About this time he also undertook and finished the building of the Franklin Hall block.

His life throughout has been a successful one, and this success is to be attributed to a great extent to his untiring energy and perseverance, and his close attention to the details of business—little things whose sum makes a great result. He has been one of our prominent citizens; in private he was devoted to his family. The following, copied from the family register, needs no note of explanation:

A. B. Harrison, born in Brunswick county, Va. My father died when I was about 10 years old. My mother, Mrs. A. B. Harrison, was born in this State, in the year of 1811. I left home in 1841 and went to Nashville, where I lived until 1844; I then came to this place where I have lived ever since. The rest my friends know and must be judged as my conduct deserves, let it be worthy or unworthy. My dying wish was that I should be buried in the family vault.

His funeral was largely attended, and the long procession that followed his remains to the cemetery speak in loud tones the estimation of his many friends.

New Postal Route.

The contract for carrying the mail from Ashland City via Chep Hill, Gup-ton's Cross Roads and Grantville to Clarksville has been awarded Mr. Jno. H. Balthrop. All the necessary papers have been signed and forwarded to the Postoffice Department and Mr. Balthrop will commence on his new route on July 1st. The citizens of Cheatham and the upper portion of Montgomery county after being cut off from the mail facilities will thus be again received into full connection with the outside world. We congratulate our friends along the route, and in their behalf return thanks to our representative, Col. Jno. F. House, for securing the passage of his bill authorizing services to be put upon this and other routes running through Cheatham county. Let the citizens along the proposed lines go to work in earnest and secure service upon their lines at once. The mail will leave Ashland City on Tuesdays and Fridays, stopping at Gup-ton's Cross Roads and Grantville, and will leave Clarksville on Wednesdays and Saturdays at 7 o'clock A. M., stopping at above points.

Our subscribers on this route will receive the CHRONICLE on the day of its publication. We will be glad to enter a large list of names on our books from these new offices.

Sharp and Quick Police Work.

On Tuesday night, June 5th, a burglar stole watch and chain were stolen from the room of Mr. C. S. Ivey, a College student. The watch was a present to Mr. Ivey from his father, and on the inner case was engraved the name of each together with the date of presentation. Mr. Ivey reported the theft to the police on Wednesday morning, who went quietly to work and soon discovered that a suspicious character of color, one Louis Jack, son, alias Henry Lewis, was attempting to dispose of a watch. The thief sold the watch to Mr. F. Walthall, of St. Bethlehem, on Wednesday and returned to town that evening, and was tracked to his den in Seufftown at night and arrested on suspicion. On the following day Mr. Walthall came to town and the police learned that he had purchased a watch of a negro for \$15. The description of the stolen watch, and the one purchased by Walthall, was at once compared and recognized Mr. W. nig as the one from whom he had purchased the watch, and at the trial on Friday Jackson committed him. Mr. Ivey identified his property, though the engraving had been neatly erased.

County Map.

Mr. Jas. Lanigan, a courteous and affable gentleman, has been in the city for the past ten days in the interest of the new county map. This map is gotten up from actual surveys made by an experienced engineer, Mr. F. B. Barker. It will show every road and stream, and the length thereof, in the county. The Postoffice, farm-houses and the district lines will be marked. In a word, it is topographically accurate, and after an examination of the survey of three districts we unhesitatingly urge upon all classes, men of all trades and callings to give Mr. Lanigan that support which will enable him to make the map to be financially a success. The map will be handsomely engraved, colored and mounted, but not finished or ready for delivery before the fall—about the 1st of October. In the meantime the county will be thoroughly canvassed.

Tennessee Press Association.

The meeting of the Tennessee Press Association will have taken place in Clarksville before our next number appears. We have no doubt that this meeting will be interesting to everybody and of a great advantage to the city through the public attention which will be drawn in this direction. We are glad to state that many of our best citizens have shown their appreciation of all this by contributing liberally to the expenses and throwing open their houses to the reception of delegates.

As near as we are able to state the programme will be as follows: The delegates from West Tennessee will arrive by the morning train at eight o'clock, and those from Middle and East Tennessee by a special train from Nashville at twelve o'clock on Thursday the 21st inst. Committees have been appointed to meet them at the trains, and convey them to the houses at which entertainment will be offered them. Business meetings will be held on Thursday afternoon and on Friday. On Thursday night an address by Gen. Hamby and a poem by Mrs. N. P. Houston Bringham of Texas, will be delivered at the Academy hall, that building having been tendered to the Association by the liberality of the Rev. J. R. Plummer Principal of the Institution. Sometime on Friday, an excursion in carriages will take place to the suburbs of the city, to include visits to the Greenwood cemetery and, if time enough can be gained, to Dunbar's cave. On Friday night the citizens of Clarksville invite the Association to a handsome entertainment at the old Southern Hotel; this will be, it is hoped, one of the gayest affairs which has been seen in Clarksville for many a day.

The entertainment is to take place at the Southern Hotel, for the reason that in that building all classes of the city, to include visits to the Greenwood cemetery and, if time enough can be gained, to Dunbar's cave. On Friday night the citizens of Clarksville invite the Association to a handsome entertainment at the old Southern Hotel; this will be, it is hoped, one of the gayest affairs which has been seen in Clarksville for many a day.

After a universal expression of sorrow and sympathy by the members, the Chairman appointed the following committee to draft resolutions expressive of the feelings of the board, in respect to the memory of the deceased: Messrs. H. H. Bryan, F. G. Irwin and M. H. Clark, who presented the following resolutions:

Resolved, That this board, while bowing in humble submission to the will of the Divine Creator, the maker and giver of all life, who has seen fit in His infinite wisdom to remove by death from our midst one whose absence from our midst we feel much, and who has been a most valued member of our board, do hereby express our profound sorrow at his death and our removal from a large sphere of usefulness.

Resolved, That we recognize in the death of our friend and honored member, the loss of one of our best men, one who has well filled all the relations of life, as husband, father and friend, a useful merchant and good citizen; one whose absence from our midst will be much felt by our whole community, and who died in the full consciousness of the goodness of his cause, and the members in a body attend his funeral this afternoon.

Resolved, That the Secretary be instructed to call these resolutions on the minutes of the Board of Trade, and furnish a copy of the same to the distressed family of the deceased, and to the public press.

Appeals of the committees.

The Tennessee Press Association and other invited guests from Kentucky and Tennessee, will be with us on next Thursday and Friday, 21st and 22d.

The various committees have been earnestly at work during the past week, and much has been done toward the completion of the preparations for entertaining our distinguished guests. The committee on Banquet and Finances have been particularly engaged, and just here allow us to suggest that they can be greatly aided if parties who feel an interest in the entertainment, would see them without waiting to be called upon, and in this way show that they feel some interest in this matter, which is of consequence to us all. Messrs. Brighthouse & Co., have undertaken the preparation of the Banquet. Mr. J. H. Hearnshy will have charge of the wine department. The Hop i under the able management of the committee given elsewhere, and thusperintendence of these experienced directors are ample security for the production of a brilliant entertainment.

The Banquet Committee make an earnest appeal to the ladies to render them valuable assistance by the contribution of flowers and greenery, and if they will make a list of any household articles or flowers growing in boxes, jars or vases, they promise the greatest care of them and their safe return.

C. G. SMITH, Chairman Com. of Arrangements.
C. H. BARKER, Chairman Com. for Entertainment.
R. E. HARRISON, Chairman of Finance Committee.

West Point.

F. G. Irwin, Jr., took his departure on Tuesday for West Point, where he is to stand his examination to-day for admission to the cadetship just vacated by R. D. Read, Jr., who is now a Lieutenant in the United States Army. We are sorry to believe that both these young men and believe that they will both suit themselves to the honor of Tennessee and to their own credit and advantage. Dodd Read will send part of his furlough here next month to the joy of many loving friends.

MR. G. W. HILLMAN informs us that he has about 3,000 peach trees which will bear this year. His orchard near Tennessee Ridge in Houston county, is the only one of any prominence which withstood the severe winter, and we hope that his bright prospects for a plentiful gathering of peaches may meet most sanguine expectations. Fruit dealers in this section would do well to remember this orchard when ordering peaches and other fruit.

MESSRS. BOWNE & BENTON, who are engaged in butchering, their way may be found at the lower end of the market house regularly during market hours. They are reliable gentlemen and orders left with M. Barker will receive prompt attention. See special.

Oral Examinations at the Male High School.

The male High School examinations, which closed on yesterday, have proved eminently satisfactory to those in attendance. The students of the school show an improvement over those who attended in the same classes heretofore that is really astonishing. It is a proof of what a good faculty and proper interest on the part of the School Board can do for the school.

At the close of the examinations yesterday Prof. Yarell read the following list of young gentlemen who are worthy of honorable mention: DISTINCTIONS.
Latin—George Gilbert.
Algebra—Samuel Averitt.
English grammar—Emmet Atkins and Bertie Wilson.
Reading—Will Ingram.
Geography—Tandy Smith.
History—George Gilbert.
Pennmanship—Walter Kinnaman.
Orthography—George Gilbert.
Arithmetic—Samuel Averitt, George Gilbert, Will Ingram.
Declaration—George Gilbert, Will Ingram, Bertie Wilson, Tandy Smith, Emmet Atkins, Walter Kinnaman, George Gilbert, Tandy Smith, Will Ingram, Emmet Atkins, George Gilbert.

The Public Schools of the city closed on yesterday for vacation, after having completed one of the most successful years since their organization. About 300 white and 400 colored students have been matriculated during the past school year. The School Board have done much to render the schools thorough and efficient, and never at any time in the history of our public schools have the teachers and principal rendered such valuable service in that most honorable and arduous field of labor.

Meeting of the Tobacco Board of Trade—Tribute of Respect.
At a called meeting of the Tobacco Board of Trade, held June 12th, 1877, at the Exchange Rooms, Vice-President Allen Johnson took the chair, and calling the meeting to order, announced with expressions of sorrow, the death of Mr. A. B. Harrison, an honored member of the board.

After a universal expression of sorrow and sympathy by the members, the Chairman appointed the following committee to draft resolutions expressive of the feelings of the board, in respect to the memory of the deceased: Messrs. H. H. Bryan, F. G. Irwin and M. H. Clark, who presented the following resolutions:

Resolved, That the Secretary be instructed to call these resolutions on the minutes of the Board of Trade, and furnish a copy of the same to the distressed family of the deceased, and to the public press.

On motion the resolutions were adopted and the meeting adjourned.

Removal of the Review.

The card of Messrs. J. L. Duff & Co., which we insert in another column, informs us that the Review is to be moved to Erin, Houston county, Tenn. Houston and the adjoining counties are abundantly able to support a good paper, and we can assure them that the gentlemanly proprietors of the Review will use their every effort to make it a first class local paper, contributing their ability and time to the general interest and advancement of that section. Success to you in your new home.

The farmer looks happy. The tobacco crop set out, wheat prospect encouraging, and corn growing. After the failure of last years tobacco crop a heavy grain crop together with a large product of tobacco, will do much to bring back the day of plenty. In this connection we hope our farmer friends will allow us to intimate that quality is of as much importance as quality, in the value of a tobacco crop. May the generous showers of heaven assist the honest effort of agricultural enterprise, and at harvest time may he garner the well earned fruit of toil.

MR. S. B. SEAT, agent, offers for sale the City Mill. It can be purchased privately prior to the 7th of July, but if not sold will then be offered publicly. We know of no better offer to the enterprising capitalist than this. The wheat crop of this section promises to be the largest of any yield since the war, and the "City Mills" brand is graded as No. 1 in New Orleans and the southern market. See advertisement.

MESSRS. BLOCH BROS. have a special in this week's issue calling attention to Bortree's Adjustable Duplex Corset. These enterprising gentlemen are ever ready to give all modern improvements a fair test, and if they deem them worthy they are then offered to their friends and customers. Their "Racine" napkin-holder is a useful affair for children's use while eating. Call and see these novelties and look through their large stock.

ALP. DARNELL will deliver a temperance lecture at Salem church, District No. 9, on Saturday next. Mr. Darnell is highly spoken of as an original delineator of character, and it seems the red ribbon movement of Mr. Barker is accomplishing its end in breaking up the evil practice of intemperance.

THE death of Mr. A. B. Harrison, senior partner of the firm of Harrison & Shelby, will not interfere with their business arrangements of the present season. Mr. E. V. Harrison goes into the office and the business will be conducted with that promptness and reliable manner for which the firm is so justly noted.

DR. P. D. WINSHIP can be found at the office of Dr. Larkin for the present.

MR. G. W. HILLMAN informs us that he has about 3,000 peach trees which will bear this year. His orchard near Tennessee Ridge in Houston county, is the only one of any prominence which withstood the severe winter, and we hope that his bright prospects for a plentiful gathering of peaches may meet most sanguine expectations. Corbendale Items.

Good rain last week. Tobacco all set out, and plenty of it. Fine prospects for all the crops. Wheat harvesting will begin next week.

The yield will be good, but cut short some by dry weather last month. Mr. Frank Dilling has just got a new reaper and mower. Strange to say, it puzzled all hands to set it up. The dwelling of Mr. Elmont Rye, living on East Fork creek, was burned last Sunday while the family was away from home. Supposed incendiarian.

A negro in this district went to the woods last week and gave birth to a child and threw it in a briar patch, where it was found by another negro woman. All doing well.

A few days ago as the south-bound lightning express was entering the city at Palmyra, running at a forty-mile rate, a rail turned over under the engine and the whole train ran off. Fortunately every wheel hit the next rail center and on to the track again—all done so quickly that no one on the train knew it.

MONTGOMERY GRANGE will meet at their hall, near St. Bethlehem, this (Saturday) morning at nine o'clock. All members and others interested in the Grange movement are earnestly invited to attend, as business of much importance will come before the meeting. All members are requested to bring their dinners.

THE acreage of tobacco now set out in Districts No. 2 and 6 is larger than any planting since the war. The "stand" is almost solid, and should the cut worm keep off there will be no necessity for replanting. The plants put out in the first of the season grew right off; no wilting whatever.

BON AQUA SPRINGS in Hickman county, Tenn., was opened on the 11th inst. Our old friend W. B. Russell has charge of the springs. It is a delightful summer resort, and the bracing atmosphere makes it most desirable and improving to the invalid.

DURING the harvest season it would be well for the farmers to know that Owen & Moore have in store a large stock lubricating and other oils. See special.

To the Patrons of the Review.

Having decided to remove our office to Erin, Tennessee, next week, we will issue no paper next Tuesday. We will resume publication at Erin week after next, after which time our subscribers will receive their paper regularly from that place.

Thinking all for their past patronage, we ask the continuance of the same in our new location.

Respectfully,
JNO. L. DUFF & CO.

Broadhurst Institute.
EDITORS CHRONICLE—In taking a retrospect of the past session, we do so with the most profound gratitude to Almighty God, and with a deep sense of thankfulness to our friends and patrons. We ought to feel grateful for we came into your city strangers, and your citizens have crowned our labors with a success unprecedented. We did not come to affect the interests of any institution of learning, nor to speak in any way disparagingly of the work or labors of any one; but we came believing that there was room for an institution of learning conducted upon our plan of instruction. We launched our barque upon the sea of uncertainty, and have realized to our son's satisfaction that the kind people of Clarksville are disposed to test the merits of anything which claims the attention of a Christian people. Number of our matriculates, 62; females 36, males 26. Send for our catalogue. We will re-open on the 27th of August next with a full corps of experienced teachers.

ROBT. AUG. BROADHURST.

Tribute of Respect.
At a regular meeting of Clarksville Lodge No. 4, of K. P. & A. M., held June 11th, 1877, the following resolutions were unanimously adopted:

Whereas, It has pleased the Almighty Father to remove from the sphere of earthly usefulness our brother, Alex. B. Harrison, who died on the 11th inst. at 12 o'clock M., therefore be it

Resolved, That we bow with humble submission to this sad stroke of affliction and acknowledge the Providence which has removed our deceased brother from a long and painful illness, which he bore with meek resignation.

Resolved, That in the death of brother Harrison our Lodge has lost a worthy member, his family a kind, devoted and affectionate husband and father, and the community an exemplary and useful citizen.

Resolved, That our heartfelt sympathy and condolence are tendered to his family in their irreparable bereavement; that in token of our high regard we wear the usual badge of mourning for thirty days, and that the Secretary furnish the family of our deceased brother with a copy of these resolutions; that they be published in the public paper and entered on the minutes of the Lodge.
